PROUDLY PRESENTS

# FREAK SCENE

February 8. Alaska will introduce a new offer to the audience in Oslo; FREAK SCENE. Inspired by the so-called INDIE DANCE NIGHTS which has been a recent success in London, FREAK SCENE will become the adaption of this concept.

FREAK SCENE will present the newest music within the indiescene, putting the newest and hottest acts live on stage and importing english DJs to keep the dance floor packed throughout the whole evening.

Behind the INDIE NIGHTS in London is a group of DJ's called Feet First. They have, during the last year, presented such acts as Lush, Ride and Ned's Atomic Dustbin to the english audience, filling up places like Camden Palace, Marquee and the Dome.

DJ Jonathan from Feet First will appear in Oslo at Alaska on february 8. together with Pearl Jam, the latest success coming out of Seattle. Together they will give you the best music, and a night to remember. Put on your paisley shirt and dancing shoes and be ready to freak out!
